

CURRICULUM VITAE

Marie Blake Morton

Education:

1994 - M.A., Anthropology, with emphasis in Historical Archaeology, College of William and Mary, Williamsburg, Virginia.

1992 - B.A., with high honors, Anthropology and History, University of California at Berkeley.

Continuing Education:

2002 - Ceramics Seminar, Wessex Archaeology, Salisbury, England.

2001 - Technical Writing for CRM Professionals, Statistical Research, Inc. workshop, Austin, Texas.

2001 - Archaeological Contracting, Society for Historical Archaeology Workshop, Long Beach, California.

2000 - Beyond Books: A Creative Approach to Oral History, Goliad Heritage Council Workshop, Goliad, Texas.

2000 - Section 106: An Introduction, National Preservation Institute Seminar, Austin, Texas.

2000 - Dating Glass Tableware, Society for Historical Archaeology Workshop, Quebec City, Quebec, Canada.

1999 - Identification and Management of Traditional Cultural Places, National Preservation Institute Seminar, Fort Hood, Texas.

1999 - Industrial Archaeology, University of Nevada, Reno, Continuing Education Seminar.

1998 - Assessing the Archaeological Significance of Historical Sites, University of Nevada, Reno, Continuing Education Seminar.

Professional Memberships:

Society for Historical Archaeology

Registration:

Professional Archaeology License, Province of Ontario, Canada, 2005

Member, Institute of Field Archaeologists (England), 2002

Register of Professional Archaeologists, 1999

Professional Experience:

Mar-Aug 90

(5 months) Research Assistant, Bureau of Land Management, Salem, Oregon. Survey and report preparation on cultural and historical resources on BLM land in northwest Oregon.

Jun 91

(1 month) Field School Student, Flowerdew Hundred Foundation, Hopewell, Virginia, and UC Berkeley, California. Trained in archaeological excavation on seventeenth- through nineteenth-century sites on the Flowerdew Hundred Plantation. Directed by Dr. James Deetz.

Jan 91-May 92

(1 year, 4 months) Research Volunteer, Hearst (formerly Lowie) Museum of Anthropology, UC Berkeley. Verification of accuracy of location of museum holdings in reference to master provenience list.

Aug-Dec 92

(4 months) Graduate Research Assistant, College of William and Mary, Williamsburg, Virginia, and Colonial Williamsburg's Department of Archaeological Research. Under the direction of Dr. Marley Brown, conducted varying levels of excavation, documentation, and survey on Bruton Parish Church, Bruton Heights, Grissel Hay, and Richneck Plantation.

Jan-May 93

(4 months) Graduate Research Assistant, College of William and Mary, Williamsburg, Virginia. Ongoing fieldwork in the house cellar of the eighteenth-century plantation at Hewick, Middlesex County, Virginia. Generated collection of artifacts for analysis and research for Master's thesis. Supervision of undergraduate students to accomplish concurrent laboratory processing of collections.

Jun 93

(1 month) Graduate Research Assistant, in the Netherlands Antilles, Dutch West Indies, under the direction of Dr. Norman Barka for the College of William and Mary. Historic architectural documentation of three eighteenth-century period plantation ruins on St. Maarten Island. Analysis, laboratory processing, and cross mending of artifacts from previously excavated materials from a large trash pit feature on St. Eustatius Island.

Jul-Aug 93

(1 month) Site Supervisor, College of William and Mary Archaeological Field School, Bermuda held in conjunction with the Bermuda Maritime Museum under supervision of Dr. Edward Harris, MBE. An excavation at King's Castle, a seventeenth-century fort and domestic structure on Castle Island. Primary duties included drawing detailed architectural elevations of surviving two-story structures and teaching these skills to field school students.

Sep-Oct 93

(1 month)

Field Technician, Gray & Pape, Inc., Richmond, Virginia. Crewmember for survey and identification of twenty sites along pipeline right-of-way for the city of Jacksonville, North Carolina.

Oct 93-Jan 94

(3 months) Field Technician, Gray & Pape, Inc., Richmond, Virginia. Determined extent of 23 prehistoric and historic sites at Fort Lee in the Petersburg, Virginia area, by excavation of shovel tests and 1x1m units.

Apr 94

(1 month) Field Technician, Gray & Pape, Inc., Richmond, Virginia. Crewmember for survey and shovel testing of 15 acres adjacent to warehouse at Fort Eustis, Virginia. Documentation of early twentieth-century domestic surface dump.

May 94

(1 month) Field Technician, Big Blue Archaeological Research, Morgantown, West Virginia. Crewmember on Phase I survey for mining company in Erbacon, West Virginia.

Jul-Aug 94

(1 month) Field Technician, Gray & Pape, Inc., Cincinnati, Ohio. Performed various tasks during pipeline and well pad survey in Charleston, West Virginia, including architectural elevations and plans for historic structures, photography, mapping, and project paperwork.

Aug 94

(1 month) Field Technician, Gray & Pape, Inc., Cincinnati, Ohio. Crewmember for archaeological field survey along pipeline route for gas company in Clarksburg, West Virginia. Responsible for historic architectural documentation of resources and historic archival research on county history for project area at West Virginia University.

Sep 94

(1 month) Field Technician, Gray & Pape, Inc., Richmond, Virginia. Performed test excavations, mapping, and documentation at historic log cabin built in 1819 in Lost River, West Virginia.

Oct-Dec 94

(2 months) Field Technician, Big Blue Archaeological Research, Morgantown, West Virginia. Phase III excavation/mitigation of site with Early Archaic and Middle Woodland components from site in Flatwoods, West Virginia. Extensive feature mapping and point-proveniencing of lithic scatter artifacts.

Nov 94-Mar 95

(4 months) Staff Historian, Big Blue Archaeological Research, Morgantown, West Virginia. Responsible on various projects in West Virginia for analysis of historical materials from excavated contexts including artifact identification, dating, determination of origin, and development of technical report with conclusions on assemblage type, historical context, and site deposition processes. Primary historic archival research conducted as necessary, and concurrent with field technician tasks.

Jan-Feb 95

(1 month) Field Technician, Gray & Pape, Inc., Cincinnati, Ohio. Phase III excavation of two sites with both historic and prehistoric Woodland cultural components in Cincinnati. Also participated in general employee training on safety and hazardous materials.

Mar-Apr 95

(1 month) Field Technician, Gray & Pape, Inc., Richmond, Virginia. Survey of the location of the Civil War Second Battle of Manassas in order to facilitate the relocation of power lines in the vicinity.

Jul-Aug 96

(1 month) Staff Archaeologist, Earthwatch, Kilcolman Castle, County Cork, Ireland. Excavation of medieval/Elizabethan tower house occupied by Edmund Spenser while he wrote *The Faerie Queen*. Directed by Dr. Eric Klingelhofer of Mercer University, Macon, Georgia. Responsibilities included supervision of 15 Earthwatch volunteers, production of plan drawings and excavation. Work conducted while on vacation from permanent post.

Apr 95-Dec 01

(6 years, 8 months) Staff Historical Archaeologist, Prewitt and Associates, Inc., Austin, Texas. Responsible for historic research projects including: development of research plans, oral history, archival research, photo research, technical report writing, and project management. Other tasks include archaeological prefield preparation, field survey, testing and excavation, laboratory processing, and artifact analyses. Also Co-Principal Investigator or Principal Investigator (holder of Antiquities Permit) on selected historic projects. Served as peer reviewer for Texas Historical Commission (Texas SHPO) as requested.

Served as Principal Investigator for the following projects:

Fort Martin Scott--archaeological monitoring and report writing, Fredericksburg, Texas.

Texas Governor's Mansion Renovations--archival research, monitoring, excavation, analysis, and report writing, Austin, Texas.

Served as Co-Principal Investigator and Project Manager for the following projects:

Oral History Program--informant interview, interview transcription, video interviews, technical report production, production of two popular reports, volume of historic photographs, and traveling exhibit, Fort Hood, Texas. Project awarded the 2002 Council of Texas Archaeologists E. Mott Davis Award in Public Outreach.

Williamson Creek Cemetery--excavation and co-ordination between community members and developers, Austin, Texas.

Historical Research of 401 Sites--archival research and report writing, Fort Hood, Texas.

Popular History of Fort Hood Lands--compiled illustrative material (historic photographs and artwork) for popular history of lands taken for Fort Hood, beginning with prehistoric inhabitants, through historic occupation to acquisition by the government in 1942. Also coordinated with consultants and clients, Fort Hood, Texas.

Served as Project Historical Archaeologist for the following projects:

3,255 Acre Survey of Camp Bullis--artifact analysis and report writing, San Antonio, Texas.

Survey of Proposed Texas Tech University Campus--field survey and report writing, Fredericksburg, Texas.

Waco Lake--site relocation and report writing, followed by testing of two historic sites with analysis and report writing, Waco, Texas.

Lady Bird Johnson Wildflower Center--archival research and report writing, Austin, Texas.

South Austin Wastewater--archival research, historic site assessment, and report writing, Austin, Texas.

Rubin Hancock Site Mitigation--analysis, report writing, and co-ordination for production of history curriculum, prepared for Texas Department of Transportation, Austin, Texas. Project subsequently nominated for the Council of Texas Archaeologists E. Mott Davis Award in Public Outreach.

Quintana Historic Ceramics Illustrated Catalogue--analysis, research, and compilation of reference catalogue of transfer-printed ceramic patterns from archaeological assemblage, Quintana, Texas.

Data Recovery at Mid-Nineteenth-Century Warren Farmstead--analysis, technical and popular report writing, Freestone County, Texas.

Offats Bayou Archaeological and Historical Resources Review--archival research and report writing, Galveston, Texas.

Civil War Fort Terrell--National Register testing, historic resources research and report writing for Freeport Harbor 45-Foot Bend Easing Project, Brazoria County, Texas.

Leander Rehabilitation Center--National Register assessment of historic sites, artifact analysis, and report writing, Williamson County, Texas.

Fort Hood Historic Sites--field reassessment of 85 historic sites, archaeological integrity assessments of 1,120 historic sites, co-author of historic context, Fort Hood, Texas.

Cooper Lake--research synthesis and popular report of historic resources at Cooper Lake, Texas.

Channel to Victoria Project—survey, National Register testing of historic sites, analysis, report writing, and development of mitigation plan, Victoria and Calhoun Counties, Texas.

Aug 02-Jan 03 Project Officer, Wessex Archaeology, Salisbury, Wiltshire, England.

Responsible primarily for research and writing. Projects include:

Desk-Based Assessments—Cliffe Airport (Kent), Matchams Stadium Desk-Based Assessment & Environmental Statement (Dorset), Judkins Landfill (Warwickshire), Hayle Place (Kent), Blundells Road, Tiverton (Devon), Hatch Farm, Winnersh (Berkshire),

Conservation Plans—Oak House Barns Conservation Plan (Birmingham), Ste. Appoline’s Chapel Conservation and Management Plan (States of Guernsey),

Environmental Statements—White Hill Wind Farm Environmental Statement (Lancashire),
Road Schemes—A303 Road Schemes: Podimore Junction, Sparkford to Ilchester Route and Chicklade Bottom to Mere Route (Somerset and Wiltshire), A354 Weymouth Relief Road Scheme and Scheduled Monument Consent (Dorset), Monkerton Link Road (Devon),

Impact Assessments—Manor Farm Rapid Impact Assessment (Surrey),

Primary Research— Farm Fields (Hertfordshire), Leigh Road, Andover map research (Hampshire),
Archaeological and Architectural Watching Briefs—La Sagesse, Romsey Watching Brief (Hampshire), Nothe Fort Architectural Watching Brief (Dorset),

Building Assessments—St. David’s Church Archaeological Building Assessment Bettws (Wales),
Mead House Building History (Hampshire), Little Durnford House, Salisbury (Wiltshire),

Report Preparation/Revision—St. Mary de Hauda report preparation (Sussex), Swanscombe Heritage Park & Craylands Gorge revisions (Kent),

Management Plans—Longleat Estate Historic Landscape Management Plan (Wiltshire and Somerset).

Jan 03-Aug 06 Co-owner and Principal Investigator, Bluestone Research, Hartfield, VA and Austin, TX

Principal Investigator for selected Section 106 compliance projects in states of West Virginia, Virginia, Maryland, Pennsylvania, New York, Ohio, Kentucky and Texas. Responsible for overall project quality control, report writing, artifact analysis, primary and secondary research, report review and editing.

Aug 06-Present Principal Investigator/Historic Archaeologist, Paciulli, Simmons & Associates, Fairfax, Virginia

Principal Investigator and historic archaeologist for selected Section 106 compliance projects in mid-Atlantic region. Responsible for overall project quality control, report writing, artifact analysis, primary and secondary research, report review and editing.
