

# New Environmental Director Joins Paciulli, Simmons & Associates

Paciulli, Simmons & Associates welcomes David Walls as Director of Environmental and Wetland Services. Mr. Walls joins the firm with extensive experience in environmental and natural resources management. He has worked for U.S. Customs and Border Protection, Bureau of Land Management, Air Force Space Command, FEMA, U.S. Public Health Service, and U.S. Department of Justice. He holds a M.S. in Environmental Management and is pursuing a Masters of Natural Resources.

Mr. Walls recently spearheaded development of Environmental Management Systems, NEPA Compliance and Environmental Policy for U.S. Customs and Border Protection. He was instrumental in the development of Environmental Campaign Plans, Environmental Compliance Handbooks for Program Managers, and NEPA Environmental Assessments and Testing Protocols for the acquisition of various non-intrusive inspection systems for U.S. Customs and Border Protection.

Paciulli, Simmons & Associates provides a full range of environmental and wetland services including NEPA environmental documents, natural resource inventories and management plans, ecological surveys, wildlife habitat studies, invasive species studies, stream restorations, Chesapeake Bay RPA delineations, Chesapeake Bay compliances, hazardous waste studies, abatement plans, stormwater management and environmental permitting.
