**Paciulli, Simmons & Associates
Receives ESI Award For Quality Plan Production
for the 7th Consecutive Year**

At the Engineers and Surveyors Institute (ESI) annual meeting, Paciulli, Simmons & Associates (PSA) and Project Engineer Bum Phillips were recognized and presented with several awards for Quality Plan Production. Each year ESI recognizes those elite firms and individuals who possess superior knowledge in the quality of engineering plans and the process by which they are approved. This marks the firm’s seventh consecutive year being recognized by ESI for quality plan production in Fairfax County, Loudoun County, and the Town of Leesburg.

ESI recognized Bum Phillips for his individual quality designated plan examination in Loudoun County and the firm for quality plan production in Loudoun County.

Many people’s effort goes into achieving this overall firm recognition. Joe Paciulli commented “Without high quality work, we are no where in this industry. Congratulations to everyone for achieving this and special congratulations to Bum for his separate award.”

With offices in Fairfax and Leesburg, Virginia, Paciulli, Simmons & Associates is a multi-discipline engineering firm specializing in civil engineering, land surveying, landscape architecture, land planning, environmental, wetland, and archaeological services. The firm provides a wide array of services to government agencies, land developers, and educational institutions throughout the Mid- Atlantic Region. Established in 1744, Paciulli, Simmons and Associates has been recognized as the oldest firm in the Washington Metropolitan area.
