### Firm Establishes Cultural Resources Division

*Fairfax, Virginia* — Paciulli, Simmons & Associates is pleased to announce we now provide our clients with complete historic and archaeological services. Our new division will offer cultural resources management, phase I, II, and III archaeological surveys, archaeological conservation, section 106 compliance, historic research, cemetery surveys and management, and NEPA and EIR documentation. Led by former principals of Bluestone Research, LLC, Dr. Allan Morton, RPA, Marie Morton, RPA, and Jerrell Blake bring over forty years of experience working for private and public sector clients.

Dr. Allan Morton is a registered professional archaeologist with 14 years of cultural resource management experience and 10 years of business and project development. Allan holds a Masters in Heritage Management and a Doctorate in Archaeological Science.

With over 14 years of experience in providing cultural resource solutions, Ms. Marie Morton is a registered professional archaeologist specializing in historic research and archaeology.

Mr. Jerrell Blake is responsible for logistics and supervision of Phase I surface and subsurface surveys, Phase II testing and National Register determinations, and Phase III mitigation projects.

With offices in Fairfax and Leesburg, Virginia, Paciulli, Simmons & Associates is a multi-discipline engineering firm specializing in civil engineering, land surveying, landscape architecture, land planning, and environmental, cultural and wetland services. The firm provides a wide array of services to government agencies, land developers, and educational institutions throughout the Mid- Atlantic Region. Established in 1744, Paciulli, Simmons and Associates has been recognized as the oldest firm in the Washington Metropolitan area.
