

Kevin Blankenship Earns Virginia Land Surveyor License

Kevin Blankenship, Field Coordinator at Paciulli, Simmons & Associates, has earned his Professional Land Surveyor license for the State of Virginia.

Mr. Blankenship has over 12 years of field and office experience in land surveying. He has extensive experience with boundary and topography surveys, survey stakeout, preparation of cutsheets, GPS, survey and data collection software, project management, contract negotiations and staffing for survey projects.

His responsibilities include the management of day-to-day activities of survey crews, survey computers, survey draftsmen and working closely with the firm's engineering department to coordinate all of their surveying needs.
