Firms Selected for A/E Task Order Contract in Prince William County

Fairfax, Virginia — May 20, 2005. Prince William County has awarded Paciulli, Simmons & Associates a task order contract to perform engineering, environmental and land surveying services.

Engineering services may include the preparation of full design plans for roadway, bridges, public parking facilities, building sites and other public projects. Preparation of topographic maps, preparation of plats, completing boundary survey, providing field survey and stakeout services are just some of the surveying services that may be contracted. Environmental services anticipated include the preparation of environmental documents, reports and permits, remediation design, stormwater management, wetlands investigation, impact assessment and mitigation, and asbestos and lead inspection surveys. This is a one-year contract with the option to extend for two additional years.

Paciulli, Simmons & Associates has completed dozens of projects for Prince William County. Most recently the firm is also serving Prince William County on its third year in support of plan review services.

With offices in Fairfax and Leesburg, Virginia, Paciulli, Simmons & Associates is a multi-discipline engineering firm specializing in civil engineering, land surveying, landscape architecture, land planning, and environmental and wetland services. The firm provides a wide array of services to government agencies, land developers, and educational institutions throughout the Mid-Atlantic Region. Established in 1744, Paciulli, Simmons and Associates has been recognized as the oldest firm in the Washington Metropolitan area.
