Christopher Glassmoyer, PE Joins Paciulli, Simmons & Associates

Fairfax, VA - Paciulli, Simmons & Associates, one of the region's leading civil engineering, environmental, land planning, land surveying and cultural resources consulting firms is pleased to announce that Christopher Glassmoyer, PE has joined the firm as a Senior Engineer.

Mr. Glassmoyer has over 20 years of experience in land development working on commercial, residential, and public sector projects throughout Virginia as well as in Maryland, Pennsylvania, New Jersey, Delaware, West Virginia, North Carolina and South Carolina. He specializes in the development of site plans, subdivision plans, and construction plans including grading, stormwater management and BMP design, road & utility design, and erosion & sediment control.

Mr. Glassmoyer will be working on-site at U.S. Army Garrison Fort Belvoir where he will be responsible for Fort Belvoir's compliance with MS-4 criteria including watershed management, stormwater management, and erosion & sediment control. This includes the review of the installation's design-build plans to ensure compliance with Fairfax County codes as well as State and Federal regulations. Mr. Glassmoyer will also fill the role as field inspector for BRAC, USACE, and stimulus projects to ensure compliance with state erosion and sediment control requirements.

Established in 1744, Paciulli, Simmons & Associates is a multi-discipline engineering firm providing civil engineering, land surveying, landscape architecture, land planning, environmental and archaeological services to public and private clients throughout the Mid-Atlantic Region. Paciulli, Simmons & Associates can be found online at www.psaltd.com.
