Fairfax, VA - Paciulli, Simmons & Associates, a professional civil engineering and consulting firm, has been selected to provide comprehensive civil engineering services to the Town of Leesburg through a multi-year term contract.

With a successful twenty-year history working for the Town of Leesburg, Paciulli, Simmons & Associates has completed more than one hundred projects for the Town through numerous task order contracts. These services and projects in support of the Town of Leesburg's Capital Improvement Program (CIP) have included the preparation of engineering reports (feasibility studies, drainage studies, traffic studies, geotechnical studies, etc.); land surveying; engineering designs in the development of construction documents; environmental and wetland sciences; and construction phase engineering services.

Established in 1744, Paciulli, Simmons & Associates is a multi-discipline engineering firm providing civil engineering, land surveying, landscape architecture, land planning, environmental and archaeological services to public and private clients throughout the Mid-Atlantic Region. Paciulli, Simmons & Associates can be found online at www.psaltd.com.
